WHEREAS, the original General Plan of the City of Yorba Linda was adopted in 1971, under City Council Resolution No. 328; and,

WHEREAS, the City General Plan was updated and approved under City Council Resolution No. 2015-5412 on October 18, 2016; and,

WHEREAS, the adopted General Plan, is a policy document intended to facilitate decision making relative to the physical development of the City and to reflect the existing conditions, requirements, and constraints of the City; and,

WHEREAS, Government Code §65358 allows the City, when it deems it to be in the public interest, to amend all or part of the General Plan, provided that no single mandatory element may be amended more than four times during any calendar year, except that each amendment may include more than one change to the General Plan; and,

WHEREAS, final approval of the proposed amendments to the MPAH require the City to amend the Circulation Element of the General Plan to re-classify the subject roadway sections in a like manner to be consistent with the MPAH amendments; and,

WHEREAS, based upon the traffic analysis prepared by the County of Orange, current and projected ADT for the portion of Esperanza Road and Fairmont Connector
to be reclassified would not exceed the Primary Arterial roadway classification capacity proposed by the County; and,

WHEREAS, in accordance with Municipal Code Section 18.36.610, on November 13, 2019, the Planning Commission adopted Resolution No. 5387 to initiate a general plan amendment to consider amending the Circulation Element of the Yorba Linda General Plan to modify the classification of the subject segment of Esperanza Road from Major 6 Lane (six-lane divided roadway) to Primary 4 Lane (four-lane divided roadway), and to modify the classification of Fairmont Connector from Collector 2 Lane (two-lane roadway) to Primary 4 Lane (four-lane divided roadway); and,

WHEREAS, a public hearing concerning General Plan Amendment 2019-01 was held by the City Council on April 7, 2020; and,

WHEREAS, after consideration of all applicable staff reports and all information, testimony, and evidence presented at the public hearing, the City Council does hereby find:

1. That the proposed General Plan Amendment is in the public interest of the City of Yorba Linda in that current and future traffic volumes for the subject segments of Esperanza Road and Fairmont Connector at build-out are consistent with the Primary roadway classification (4-lane, divided); and,

2. That the proposed General Plan Amendment will not adversely affect the health, safety or welfare of the residents within the community; and,

3. That the proposed General Plan Amendment will not be contrary to other goals, objectives and/or policies of the Yorba Linda General Plan; and,

4. The Planning Commission certifies that this amendment to the Yorba Linda General Plan is exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Title 14 CCR § 15060(c)(2) and § 15061(b)(3).

5. The City Council finds and determines that General Plan Amendment 2019-01 is not a “major amendment” to a land use planning policy document as
specified in Section 18.01.030 of the Yorba Linda Municipal Code; thus, General Plan Amendment 2019-01 does not require approval of a majority vote of the electorate of the City to become effective.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Yorba Linda as follows:

Section 1: The City Council of the City of Yorba Linda approves GENERAL PLAN AMENDMENT 2019-01, to amend the Circulation Element of the Yorba Linda General Plan to amend the Circulation Element Map (Exhibit CR-2) to re-classify the roadway designation for the portion of Esperanza Road between the Fairmont Boulevard overcrossing to the western city limits from Major 6 Lane (six-lane roadway) to Primary 4 Lane (four-lane roadway), and to amend the Circulation Element of the Yorba Linda General Plan to amend the Circulation Element Map (Exhibit CR-2) to re-classify the roadway designation of Fairmont Connector from Collector 2 Lane (two-lane roadway) to Primary 4 Lane (four-lane roadway).
